Nanotechnology in Food Products: Workshop Summary

Author(s)

Anonymous

Body

The Institute of Medicine held a one-day workshop, summarized in this volume, to further explore the use of nanotechnology in food. Specifically, the workshop was organized around three primary topic areas:

- (1) [the application of nanotechnology to food products;](#)
- (2) [the safety and efficacy of nanomaterials in food products;](#)
- (3) [educating and informing consumers about the applications of nanotechnology to food products.](#)
