# The Case for International Sharing of Scientific Data: A Focus on Developing Countries

## Author(s)

Anonymous

## Year

2012

## Body

The theme of this international symposium is the promotion of greater sharing of scientific data for the benefit of research and broader development, particularly in the developing world. The symposium has been co-organized by the NRC's Policy and Global Affairs Division—the Board on International Scientific Organizations (BISO) and the Board on Research Data and Information (BRDI). The Case for International Sharing of Scientific Data: A Focus on Developing Countries: Proceedings of a Symposium summarizes the symposium.
