Best Practices for Publishing Your Research: Overlapping Publications

Author(s)

Christina N. Bennett
Marsha Lakes Matyas

Year

2017

Description

An instructor's guide, slide deck, and video looking at issues of overlapping publications and research publication ethics.

Body

This module is part of a series of seven teaching modules designed to promote best practices in publication ethics for life scientists and biomedical engineers who publish research papers. This module helps students learn to recognize what constitutes overlapping publication and when it is appropriate, and create a plan for training their future students about overlapping publications.
