Best Practices for Publishing Your Research: Preparing Text and Avoiding Plagiarism

Author(s)

Christina N. Bennett
Marsha Lakes Matyas

Year

2017

Description

An instructor's guide, slide deck, and video looking at preparing research manuscripts for publication.

Body

This module is part of a series of seven teaching modules designed to promote best practices in publication ethics for life scientists and biomedical engineers who publish research papers. This module helps students: recognize plagiarism and self-plagiarism, understand who is affected by plagiarism and how, apply best practices to text preparation and develop a personal checklist, and understand what to do when they encounter plagiarism.
