# Developing Metrics for Assessing Engineering Instruction: What Gets Measured is What Gets Improved

## Author(s)

National Academy of Engineering

## Description

A Report from the Steering Committee for Evaluating Instructional Scholarship in Engineering; National Academy of Engineering. *Developing Metrics for Assessing Engineering Instruction* provides a concise description of a process to develop and institute a valid and acceptable means of measuring teaching effectiveness in order to foster greater acceptance and rewards for faculty efforts to improve their performance of the teaching role that makes up a part of their faculty responsibility.
