In the Footsteps of the Pioneers: My Journey in Engineering Ethics Education - Michael Loui

Author(s)

Michael Loui

Year

2024

Body

In this personal essay, I describe my contributions to engineering ethics education from the 1990s through the early 2000s. These contributions include the creation of a permanent undergraduate course on engineering ethics, presentations at conferences, participation in activities of professional societies, collaborations with colleagues to develop instructional videos, and scholarly studies of the learning outcomes of ethics instruction.
